## Summary

Skills | Summary

- Mid-level Software Developer adept in bringing forth expertise in system design, deployment via agile methodologies, integration, and maintenance of software systems.
- Equipped with a diverse, promising, and growing skill-set. Proficient in various platforms, languages, and embedded systems. Driven to learn new languages, frameworks, and libraries. Experienced with the latest development tools, procedures, and version control.
- Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team. Professional Scrum Master (PSM1).

## Experience

### Software Developer

Lineage Logistics

May 2020 - Present (2 years 6 months +)

- Implement and update application modules under the direction of Senior Software Developers.
- Work productively with Functional Team to understand requirements and business specifications around vendor specs, materials, and complex routing systems.
- Effectively code software changes and alterations based on team designated design specifications.
- ACHIEVEMENT - created a asset tracking platform using Javascript, Node.js, Express, and a fetch to a 3rd party API that provided needed transparency and usable metrics to the sales and product teams.

### Vistex Engineer and Web Developer

Maines Paper and Food Service, Inc.

Nov 2014 - May 2020 (5 years 7 months)

- Created and monitored SAP Vistex programs designed for tracking income with relation to specific contractual constraints and design specs from the Product Team.
- Designed and built customized programs using intranet and web based technologies that allowed for greater visibility to vendor margins, profitability, while providing usable metrics for business intelligence tools.
- ACHIEVEMENT - implemented a web based ticket dashboard for the Product Team that allowed for an efficient end-to-end contract workflow with a cloud based document retention cluster. Tools employed included Javascript, JSON, MS Flow Schemas, and Sharepoint.

### Broker

## HSBC

Aug 2004 - Nov 2014 (10 years 4 months)

- Managed client wealth portfolios and helped to diversify wealth holdings and vehicles.

- Built customized portfolio analytics programs to gain better insight around client mismatches of tolerance vs instrument holdings.

Sep 1995 - Jul 1999 (3 years 11 months)

## Education

### Whitney Point High School

Diploma, Liberal Arts and Sciences, General Studies and Humanities

1994 - 1999

Regents Diploma
